INTRODUCTION

We would like to thank you for the confidence you have placed in Jaeger-LeCoultre. Our Maison has applied all its expertise and exacting standards to the creation of this model.
We invite you to consult the operating instructions and hope your Jaeger-LeCoultre timepiece brings you great joy.

ACCURACY AND PRECAUTIONS FOR USE

MANUALLY-WOUND OR AUTOMATIC MECHANICAL WATCHES

The accuracy of watch models with mechanical movements is determined by the balance wheel. This oscillates at a rate of 28,800 vibrations per hour. Despite all the care that the master watchmakers of the Jaeger-LeCoultre Manufacture have lavished on building and assembling your watch, its accuracy is subject to the influ-

ence of gravity, magnetic fields, accidental impacts, and the aging of the oils. The accuracy of a watch is measured by its regularity of rate in various positions.
Your individual activities could be the cause of slight irregularities in the working of your timepiece. If you observe a discrepancy in the way your watch runs, we advise you to entrust it to an authorized Jaeger-LeCoultre retailer who will make the necessary adjustments. Watches with mechanical movements must not be used for sports involving a significant risk of impact or abrupt actions, such as golf or tennis.

WATER RESISTANCE

Your Jaeger-LeCoultre watch is water-resistant to 5 bar. Its water resistance can be identified by the symbol  and/or the engraving: “5 bar” on the caseback. This means that your model has been tested at an overpressure of 5 bar, cor-

responding to an immersion pressure of 50 meters (1 bar = ±10 meters).
In accordance with the ISO 22810/NIHS 92-20 standard, in order to guarantee the durability of the watch's characteristics over time, and as water resistance may be affected by certain activities, it is recommended that you:

- have the watch's water resistance checked by an authorized Jaeger-LeCoultre retailer at least once every two years. It is essential to have such a check carried out each time your watch is opened, and before any period in which it is liable to undergo prolonged and/or regular immersions.
- check when making the purchase that the bracelet is suitable for the intended use.
- avoid subjecting the watch to excessively abrupt temperature changes.
- protect the watch from being dropped or suffering other accidental impacts,

and have the water resistance checked after any severe impact.

- avoid using the controls, push-piece, or time-setting crown while under water or outside the water, if the watch is not yet dry after immersion.
- restore the time-setting crown and the push-pieces to their normal positions, or where applicable, close the compression keys after every manipulation.
- rinse the watch with fresh water after use in sea water.

You may use your watch while swimming as long as you do not exceed the immersion pressure and do not engage in any water sports that could cause impacts. This watch is not a piece of diving equipment and should not be used as such. Also, note that leather straps are not suited for aquatic activities.

“1000 HOURS CONTROL” TEST

The Jaeger-LeCoultre Manufacture pays close attention to the quality and final checks of its watches.
The 1000 Hours Control is a series of internal qualification tests for each of the models in our collection, as well as internal tests on the production of your watch, which go beyond official timing tests. These tests include checks of the movement before and after being cased up in the watch and cover the whole watch once it has been assembled, in the conditions closest to daily wear.
The “1000 Hours Control” legend or the “” seal engraved on the back of the watch certifies that each of the models from our collection has successfully undergone all of the qualification tests and that your watch has successfully undergone all of the production tests. These ensure regularity of rate, resistance to variations

in temperature and atmospheric pressure, ability to withstand shocks and magnetic fields, as well as water resistance.

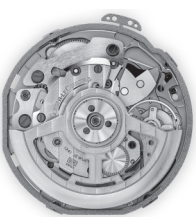

CARE INSTRUCTIONS FOR LEATHER STRAPS

1. Keep the leather strap in a dry place
2. Avoid contact with water, cosmetics, perfumes, alcohol, and oily materials
3. To prevent leather from discoloring, avoid wearing the watch:
   - in a very humid environment
   - during sporting activities: sweat damages the leather
   - in prolonged exposure to sunlight
4. Wipe with a soft dry cloth. Do not dry in direct sunlight or near heat sources

TECHNICAL SPECIFICATIONS

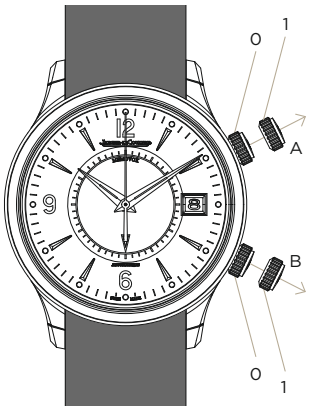

- Automatic mechanical Manufacture movement, Jaeger-LeCoultre Calibre 956.
- 28,800 vibrations/hour.
- Power reserve: approximately 44 hours.
- Water-resistant to 5 bar.

MOVEMENT

Jaeger-LeCoultre Calibre 956

USE

STARTING THE WATCH

Crown B in position 0.

A few clockwise turns of the crown are enough to start your watch.

It will then automatically wind up when you wear it. Please note that the crown does not lock when winding, even when the watch is fully wound.

SETTING THE DATE

Pull Crown A out to position 1.

This timepiece features a date display

window at 3 o'clock and a rapid correction system. If you have to move the date one day forward, turn Crown A (in position 1) clockwise.
Repeat the operation until the desired date is displayed. For months with fewer than 31 days, repeat this process to reach the 1st of the following month. Once the operation is complete, push Crown A back into position 0.
After setting the date, move the hands forward to the desired time – via 12 o'clock if it is after noon.

SETTING THE HOUR AND MINUTES

Pull Crown B out to position 1.
The movement will be stopped. This will in turn stop the seconds hand. Move the hands clockwise until the desired time is displayed.
When the operation is complete, push the crown back to position 0. The watch starts running again.

SETTING THE ALARM

Winding
Crown A in position 0.

The alarm is wound by turning Crown A clockwise. When winding is complete, the crown is locked.

Setting the alarm time
Pull Crown A out to position 1.
This function enables you to adjust the alarm disc by turning the crown anti-clockwise. To set, position the triangular mark situated in the centre of the dial opposite your desired alarm time.
Once the operation is complete, push Crown A back into position 0.

Starting and stopping the alarm
The alarm is activated when Crown A is in position 0. It is stopped when the crown is in position 1.
The chime can be stopped at any time by pulling out Crown A. However, note that

the crown must be pushed back into position 0 to ensure water resistance.

JAEGER-LECOULTRE WATCHES

In order to benefit from the International Guarantee and/or the Limited Warranty and/or the Manufacturer's Guarantee for Australia, Jaeger-LeCoultre products must be purchased exclusively from authorized Jaeger-LeCoultre retailers or from Jaeger-LeCoultre Boutiques. Maintenance and repair work must be entrusted to an authorized Jaeger-LeCoultre retailer, a Jaeger-LeCoultre Boutique, or an authorized Jaeger-LeCoultre Service Center. If these conditions are not met, the manufacturer's guarantee does not apply. Please contact Jaeger-LeCoultre to obtain the list of authorized Jaeger-LeCoultre retailers across the world.

INTERNATIONAL GUARANTEE

The International Guarantee applies to Jaeger-LeCoultre products sold or presented for guarantee repairs in all countries, except the United States of America and Canada (for these two countries, see the Limited Warranty) and Australia (for this country, refer to the Guarantee for Australia).

TERMS AND CONDITIONS OF THE JAEGER-LECOULTRE INTERNATIONAL GUARANTEE

Your Jaeger-LeCoultre watch is guaranteed to protect against all manufacturing defects for two years from the date of purchase, subject to the following conditions. Any part found by our technical services to be defective as a result of a manufacturing defect will, at the sole discretion of Jaeger-LeCoultre, be repaired or replaced free of charge. The Jaeger-

LeCoultre International Guarantee is valid only if the guarantee certificate enclosed with this booklet has been duly completed, dated, stamped, and signed by the authorized Jaeger-LeCoultre retailer or the Jaeger-LeCoultre Boutique, which sold you your watch.

The Jaeger-LeCoultre International Guarantee does not cover defects resulting from accidents, mishandling, or incorrect, abusive use (for example, knocks, dents, crushing, excessive temperatures, powerful magnetic fields), the use of or effect of using batteries other than those designated by Jaeger-LeCoultre, unauthorized alteration or repair, the consequences of normal wear and aging of the watch, strap, or glass, the loss of water resistance after two years from the date of purchase, if your watch is water-resistant, or any defect resulting from contact with water, if your watch is not water-resistant.

Jaeger-LeCoultre water-resistant watches can be identified by the symbol and/

or by “3, 5, 10, or 20 bar” (or another number depending on the model) engraved on the caseback. Their water resistance is guaranteed for two years from the date of purchase, provided that the glass, bezel, back, middle part, and crown have not been damaged. It is nevertheless essential to have the water resistance of your watch checked at least once every two years, and in any event, prior to any period of intensive use, either by an authorized Jaeger-LeCoultre retailer, a Jaeger-LeCoultre Boutique, or an authorized Jaeger-LeCoultre Service Center (for further information please see your User Manual).

For quartz watches, this guarantee does not cover the battery life.

As a consumer, you may have legal rights under applicable national legislation governing the sale of consumer goods; those rights are not affected by this guarantee.

LIMITED WARRANTY (UNITED STATES OF AMERICA AND CANADA)

The following Limited Warranty applies to Jaeger-LeCoultre products sold or presented for warranty repairs in the United States of America and Canada only.

TERMS AND CONDITIONS OF THE JAEGER-LECOULTRE LIMITED WARRANTY

Your Jaeger-LeCoultre watch is guaranteed against all manufacturing defects for two years from the date of purchase, subject to the following conditions. Any part found by our technical services to be defective as a result of a manufacturing defect will, at the sole discretion of Jaeger-LeCoultre, be repaired or replaced free of charge. The Jaeger-LeCoultre Limited Warranty is valid only if the warranty certificate enclosed with this booklet has

been duly completed, dated, stamped, and signed by the authorized Jaeger-LeCoultre retailer or the Jaeger-LeCoultre Boutique, which sold you your watch.

This Jaeger-LeCoultre Limited Warranty does not cover defects resulting from accidents, mishandling, or incorrect, abusive use (for example, knocks, dents, crushing, excessive temperatures, powerful magnetic fields), the use of or effect of using batteries other than those designated by Jaeger-LeCoultre, unauthorized alteration or repair, the consequences of normal wear and aging of the watch, strap, or glass, the loss of water resistance after two years from the date of purchase, if your watch is water-resistant, or any defect resulting from contact with water, if your watch is not water-resistant.

Jaeger-LeCoultre water-resistant watches can be identified by the symbol  and/or by “3, 5, 10, or 20 bar” (or another number depending on the model) engraved on the caseback. Their water re-

sistance is guaranteed for two years from the date of purchase, provided that the glass, bezel, back, middle part, and crown have not been damaged. It is nevertheless essential to have the water resistance of your watch checked at least once every two years, and in any event, prior to any period of intensive use, either by an authorized Jaeger-LeCoultre retailer, a Jaeger-LeCoultre Boutique, or an authorized Jaeger-LeCoultre Service Center (for further information please see your User Manual).

For quartz watches, this guarantee does not cover the battery life.

Except insofar as prohibited by applicable law, this Limited Warranty shall be the exclusive manufacturer warranty. Neither this Limited Warranty nor any other warranties, whether expressed or implied, including, but not limited to, any implied warranty of merchantability or of fitness for any particular purpose, shall extend

beyond the period of two years from the date of purchase.
The liability of Jaeger-LeCoultre is limited solely and exclusively to repair or replacement under the terms and conditions stated herein. Jaeger-LeCoultre shall not be liable, by virtue of this Limited Warranty or otherwise, for any loss or damage arising out of the use of or inability to use this watch nor for any incidental or consequential damages relating in any way to this watch.
Some States, Provinces, and Territories do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This Limited Warranty grants you specific legal rights, in addition to which you may have other legal rights that vary from one Country, State, Province, or Territory to another.

GUARANTEE FOR AUSTRALIA

This Guarantee for Australia applies to Jaeger-LeCoultre products purchased or presented for guaranteed repairs in Australia only.

TERMS AND CONDITIONS OF THE JAEGER-LECOULTRE GUARANTEE FOR AUSTRALIA

Mandatory Statutory Rights. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

This Jaeger-LeCoultre Guarantee gives you additional rights and remedies un-

der the Australian Consumer Law and any other laws in relation to the goods. Every Jaeger-LeCoultre product is made and tested to meet the Jaeger-LeCoultre quality standards. Nevertheless, should your Jaeger-LeCoultre product prove defective, please contact the Jaeger-LeCoultre retailer or Jaeger-LeCoultre Boutique indicated on your guarantee certificate; only authorized Jaeger-LeCoultre retailers or Jaeger-LeCoultre Boutiques are entitled to provide a guaranteed service as defined in this Jaeger-LeCoultre Guarantee. In order to benefit from this guarantee, you will be required to present this Jaeger-LeCoultre guarantee certificate duly completed, dated, stamped, and signed by an authorized Jaeger-LeCoultre retailer or a Jaeger-LeCoultre Boutique.

This Jaeger-LeCoultre Guarantee covers defects of materials or workmanship of your Jaeger-LeCoultre product. Subject to your Mandatory Statutory Rights under the Australian Consumer Law,

Jaeger-LeCoultre will remedy these identified defects free of charge for up to two (2) years from the date of purchase. Thereafter, Jaeger-LeCoultre will repair any defective product or part subject to a service charge. The Jaeger-LeCoultre Guarantee does not cover defects and damage caused by accident, improper use (including knocks, dents, crushing, etc.), normal wear and tear, alteration, dismantling, repair by persons other than authorized Jaeger-LeCoultre repair specialists, the use of components other than those recommended by Jaeger-LeCoultre, watches with the serial number removed, the strap or glass altered, the loss of water resistance after two years from the date of purchase, if your watch is water-resistant, and any defect resulting from the contact with water, if your watch is not water-resistant.

Jaeger-LeCoultre water-resistant watches can be identified by the symbol and/or by "3, 5, 10, or 20 bar" (or another number depending on the model) engraved

on the caseback. Their water resistance is guaranteed for two years from the date of purchase, provided that the glass, bezel, back, middle part, and crown have not been damaged. It is essential to have the water resistance checked by an authorized Jaeger-LeCoultre retailer, a Jaeger-LeCoultre Boutique, or an authorized Jaeger-LeCoultre Service Center at least every two years, and in any event, prior to any period of intensive use. Please refer to the operating instructions for further details. For quartz watches, this guarantee does not cover the battery life.

Subject to your Mandatory Statutory Rights under the Australian Consumer Law, if you make a claim under this Jaeger-LeCoultre Guarantee (instead of your Mandatory Statutory Rights) you may be responsible for transportation costs, including but not limited to postage, insurance, and packing materials.

In Australia, a claim under the Jaeger-LeCoultre Guarantee may be sent to Richemont Australia Pty Ltd, provider of the guarantee service, at the address below or as specified above:
Richemont Australia Pty Ltd
PO Box 4780
Sydney, NSW 2001

CUSTOMER SERVICE

A Jaeger-LeCoultre timepiece is a high-precision instrument that operates 24 hours a day, or 8,760 hours a year. Therefore, it is essential to have it serviced regularly in order to guarantee its good working order and its durability. If significant variations occur in the settings, it may be necessary to have the movement serviced.

It is also necessary to have the water resistance of the watch checked once every two years, or prior to any period during which it will be subjected to prolonged and/or regular immersion.

Maintenance and repair work must be entrusted to an authorized Jaeger-LeCoultre retailer, a Jaeger-LeCoultre Boutique, or an authorized Jaeger-LeCoultre Service Center. The list of our points of sale and service centers is available on our website: www.jaeger-lecoultre.com. You will also find this information at the end of this

document, under the heading “Where to entrust my timepiece for maintenance?”
Our authorized Service Centers are staffed by watchmakers trained at the Jaeger-LeCoultre Manufacture and have the workshops, tools, and parts required for the repair and maintenance of Jaeger-LeCoultre watches and clocks.
In certain cases, especially for operations requiring special tools and parts, the Service Centers will send your watch to the Jaeger-LeCoultre Manufacture in Switzerland to have the necessary work carried out.
